

# ABOUT A CHAIR / AAC10

---

Design by Hee Welling & HAY

Featuring a swivel base in steel, the About A Chair AAC10 conveys a more formal expression than its wooden-legged counterparts from the series. Retaining the same open, curved shell, it balances on delicate and elegant legs that fan out from the centred base, as if the tiptoe silhouette elevates the chair from the floor. The cast aluminium swivel base is available in polished or powder coated finishes, and the polypropylene shell comes in diverse colour and upholstery options, allowing a multitude of design combinations that make this series so versatile.

## PRODUCT DETAILS

- / Part of a multi-functional family of dining and conference chairs, office chairs, bar stools, lounge chairs, tables, an ottoman and a sofa.
- / Variability of shell colours and base finishes.
- / Suitable for a wide variety of private and public environments.
- / Qualified for contract use.
- / Available with plastic shell, with front- and seat upholstery (AAC10) and full upholstery (AAC11) in a large selection of fabrics and leathers.
- / Other base options are: 4-leg steel base, sled base, wheel base, solid wood legs and moulded plywood legs.
- / Shell is also available with armrest.

# HAY
