

# ABOUT A CHAIR / AAL92

---

Design by Hee Welling & HAY

The About A Lounge Chair AAL92 has a compact body with shaped armrests combined with round wooden legs. In line with the rest of the series, the sculpted design has been kept simple, with nothing left to chance. It is available in a low-backed version with a more intimate expression or a high-backed version with an open, spacious composition. The AAL92 is designed to create a cohesive look with the matching About an Ottoman, but it also functions perfectly on its own. The wide choice of cushions, legs and upholsteries mean you can configure unique combinations that fit a variety of public and private contexts.
